MAXIMUM DYNAMISM WITHOUT COMPROMISING ON COMFORT

Oasi 690 is our flagship in its own right with typical standards of luxury category.

The contemporary design, the muscular lines of the monocoque body, the elegant proportions, the widened rear track, the 16 "wheels underline the majestic presence of the Oasi 690.

Well sized based on Fiat Ducato with **wheelbase 4.035 mm**, has a **very short rear overhang**, a **widened rear track** and **16 "tires for maximum road holding, stability and lower consumption** with performances that always amaze!

As in all Oasi models, the entrance door and external hatches are equipped with **central locking "Safety Block System"** and the **floor is fully heated** with the "Floor Comfort System".

FEATURES

The Oasi 6690G has two sleeping areas that are always-ready, a large seating group and a bathroom with separate shower. Substantial space thanks to Wingamm's design experience, which has managed to optimise the layout so as not to give up anything.

01 // LIVING AREA

The welcoming front **living area** it offers a semi-dinette completed by Captain Chair cabin seats, both swivel, and an additional seat to the left of the entrance; this seat is also well served by the oval table, which is equipped with a sliding and swivel system.

02 / KITCHEN BLOCK

Contemporary design for the **kitchen block** with Durable HPL laminate top with capacious sink in krypton. The hob is a 2-burner cooker with flush-top lid and the trivalent refrigerator is a 130L with freezer compartment.

03 / SLEEPING AREA

The Wingamm patented double longitudinal fold-down bed is quick and easy to use and comes complete with wooden slats and memory-foam mattress. The side wall units remain usable also from the drop-down bed. It always stays ready to use with duvets and pillows in place. The side wall units remain usable also from above the bed. With the SkyView panoramic roof over the head of the bed, you can fall asleep looking at the stars. In addition a large double-bed extends above the garage compartment.

04 / TOILET COMPARTMENT

The **toilet compartment** is made of solid fiberglass and HPL laminate. The corner sink console in solid ivory-colored fiberglass amazes for its size.

The storage compartments under and above the sink are also very spacious

05 / FURNITURE AND FABRICS

The fabrics to customize the living area can be chosen from our refined proposals, all 100% made in Italy. The furniture decorations are available in different variations, to meet all tastes. The LED lighting is set in wooden and HPL laminate supports designed and manufactured in our atelier to make truly unique atmospheres.

WHY CHOOSE WINGAMM

01 // GUIDE

Our vehicles are a concentrate of design, practicality and driving pleasure: a real second home that accompanies you where other campers don't dare! An agile and silent driving experience by limiting vibrations and pitching to the maximum.

Having tried a Wingamm, there is no turning back: the silence, the comfortable climate, the welcoming environment, the pleasure of driving, the convenience of getting anywhere.

02 // COMFORT

O3 / SAFETY AND SOLIDITY

Wingamm motorhomes are unique in terms of safety and longevity thanks to the distinctive fiberglass monocoque that guarantees thermal comfort, silence, impermeability and robustness unmatched compared to traditional paneled motorhomes. Added to this is the offer of the most modern safety features related to the tractor and the centralized locking of all accesses and lockers.

We design and manufacture all custom-made furnishings for each individual model, optimizing liveability and functionality to the maximum. Continuous research and investment in ergonomic and functional solutions in order to ensure maximum habitability in more compact and manageable campers than the competition.

O4 / DESIGN AND ERGONOMICS

05 / VALUE OVER TIME

The official Eurotax price lists show how the Wingamm second hand is highly sought after and has the best performance in maintaining value over the years compared to the competition. In fact, the first models produced more than 40 years ago are still in circulation and, thanks to the fiberglass body and the quality of the product, they still have perfectly comfortable and functional cockpits.
